WHO WE ARE

Designed for living Built to last

Oakio® WPC products have the look and feel of traditional wood, with the added strength, durability and sustainability of a composite material

We Know WPC !

Oakio® WPC is backed by 15-year limited residential warranty on Iniwood Collection and 25-year limited residential warranty on Proshield, Matshield and Elashield Collection. That is how we fulfill our mission of delivering products to help you create the most enduring, durable and enjoyable outdoor living spaces. We are also proud of our continuous conservation and sustainability efforts. Oakio® WPC is made from up to 95 percent recycled materials, saving tens of thousands of trees each year. Oakio® is the industry leader in high-performance wood plastic composite building materials.

Proshield Collection

Iniwood Collection

Designed in USA

Made in China

Environmental Philosophy

Oakio® has always been at the forefront of the green building industry and since our inception in 2009, we have been consistently improving our commitments to the environment.

FSC

Forest Stewardship Council - FSC certification ensures that products come from responsibly managed forests that provide environmental, social and economic benefits. FSC products are optional, standard products are not made by FSC.

LEED

Qualified for LEED Points, up to 95% of the raw materials used to manufacture Oakio® products are sourced within 300 km of our manufacturing facility.

REACH

Oakio® products are all REACH certified which indicates conformity with health, safety and environmental protection standards for products sold within the European Economic Area.

ISO

Our ISO9001 and ISO14001 certification guarantees that our clients get only the best products and service and that the quality of what we offer is constantly and consistently improved.

CE

Oakio® products are all CE certified which indicates conformity with health, safety, and environmental protection standards for products sold within the European Economic Area.

WHO WE ARE

Let's build to last

Craft your WPC products as beautiful and lasting as the memories you'll create on it.

Board-To-Board Colour Variations and touch different

At Oakio® we go to extensive lengths to make our products reflect all of the beauty and nuance of nature. Some of our collections include solid colours while others bear subtle to more pronounced highlights to closely resemble the characteristics of real wood.

Iniwood Collection

The first generation of wood plastic composite (WPC) products. The result is a dense, heavy, and weather resistant products that won't splinter, warp, rot, or split. High quality hard wood fiber (Oak wood) and high density PE resin are the main raw material. Iniwood comes with solid colour, and apart from that, we create 3D embossing wood grain, which makes the colour variegated as well.

Proshield Collection

This is the second generation of WPC products. Designed to reflect the true tones of natural wood, this is our most uniquely variegated line which includes cascading colours. The artisanal, hand-scraped texture has a refined appearance matched with the most advanced design technology available.

Qualifying for FSC

Iniwood Cladding Collection

Oakio® Iniwood scallop cladding in plateau colour.

Iniwood Cladding

Iniwood is crafted from a durable wood-plastic composite that withstands harsh weather and everyday wear. Its solid construction provides a sturdy, secure feel underfoot. It consists of 55% oak wood fiber, 35% resin, and 10% additives.

- No sealing, staining, or painting required
- Resistant to weather, fading, and warping
- No need for frequent repairs or replacement
- Splinter-free and crack-resistant
- Outperform wood alternatives
- 15-year residential warranty

Profile Choices

IPC01

Size: 140x20 mm
Joist span: 350mm

IPC02

Size: 174x21 mm
Joist span: 350 mm

IPC04

Size: 156x21 mm
Joist span: 350 mm

Add-in Options

The profiles, colours, and textures shown above are our standard options. Oakio also offers full customization, contact us for more at www.oakio.com.

Iniwood Cladding Colour Options

These wood plastic composite collections combine beauty and function. What kind of finish and colour do you like?

Code: IC02

Cliff
Code: IC03

Mist
Code: IC04

Canyon
Code: IC05

Plateau
Code: IC06

Variegated Colour: Discrete Markings Of Different Colours

Smoke White
Code: ICV01

Sunglow
Code: ICV05

Lava
Code: ICV09

Magnificently Durable Iniwood Textures

Iniwood features a range of wood grain finishes that mimic the look and feel of exotic hardwoods. Easy to clean, low-maintenance, and built with advanced moisture and fade resistance for long-lasting durability.

Texture Options

Code: IW01 | Sanding surface | 942mm Repeat

Code: IW02 | Light Embossing | 942mm Repeat

Code: IWV01 | 3D Embossing | 942mm Repeat

Code: IWV02 | 3D Embossing | 942mm Repeat

Code: IWW03 | 3D Embossing | 942mm Repeat

Code: IWW04 | 3D Embossing | 1256mm Repeat

Add-in Options

The profiles, colours, and textures shown above are our standard options. Oakio also offers full customization, contact us for more at www.oakio.com.

Proshield Cladding

Oakio® Proshieldscallop cladding in westminster colour

Proshield Cladding

Proshield Collection is the second generation of Iniwood Collection with Iniwood materials (35% plastic resin, 55% oak wood fiber and 10% additive) as the core and golf ball material as the shield.

This means that it has an advanced premium shield encasing on all four sides around its inner core. Unlike most of the co-extrusion cladding on the market, Proshield cladding is capped by golf material instead of only PE.

- All the advantages of Iniwood and more
- A variety of unique variegated Colours and wood grain finishes
- Ultra-durable performance
- Resists stains, fading, mold, and mildew
- Enhanced scratch resistance
- 25-year residential warranty
