WHO WE ARE

Designed for living, Built to last

Oakio® WPC beam has the look and feel of traditional wood, with the added strength, durability and sustainability of a composite material.

We Know WPC!

Oakio® WPC beam is backed by a 25 years limited warranty. That is how we fulfill our mission of delivering products that help you create the most enduring, durable, and enjoyable outdoor living spaces. We are also proud of our continuous conservation and sustainability efforts. Oakio® WPC is made from up to 95 percent recycled materials, saving tens of thousands of trees each year. Oakio® is the industry leader in high-performance wood plastic composite building materials.

Designed in USA

Made in China

Environmental Philosophy

Oakio® has always been at the forefront of the green building industry and since our inception in 2009, we have been consistently improving our commitments to the environment.

FSC

Forest Stewardship Council - FSC certification ensures that products come from responsibly managed forests that provide environmental, social and economic benefits. FSC products are optional, standard products are not made by FSC.

LEED

Qualified for LEED Points, up to 95% of the raw materials used to manufacture Oakio® products are sourced within 300 km of our manufacturing facility.

REACH

Oakio® products are all REACH certified which indicates conformity with health, safety and environmental protection standards for products sold within the European Economic Area.

ISO

Our ISO9001 and ISO14001 certification guarantees that our clients get only the best products and service and that the quality of what we offer is constantly and consistently improved.

CE

Oakio® products are all CE certified which indicates conformity with health, safety, and environmental protection standards for products sold within the European Economic Area.

Beam

Experience excellence in construction with Oakio beams. Meticulously crafted using high-quality materials and advanced co-extrusion technology, our beams arrive on-site in impeccable condition.

Resistant to cracking, twisting, and warping, they boast stable colours that require no painting or maintenance, setting new standards in architectural design and construction. Choose Oakio for unparalleled quality.

*Note: The length of Oakio beams currently cannot exceed five meters.

- Co-extrusion layer protection
- Versatile and easy to install
- Eco-friendly material and non-toxic
- Weather and UV resistance
- Can be used for different projects
- 25 years residential warranty
